- numbers(s): *08/5071-00*

- date of issue: *13.10.2008*

Appendix: **Additional conditions, and advisory notes on legal alternatives.**A: Additional conditions:

1. The STU, Type MSAU306-392 contains the following type approval mark:

e24 031069

The dimensions and proportions of this mark must correspond to the Directive.

All parts of the separate technical unit, other than the mounts and the exhaust pipe shall be legibly and durably labelled with the following information:-

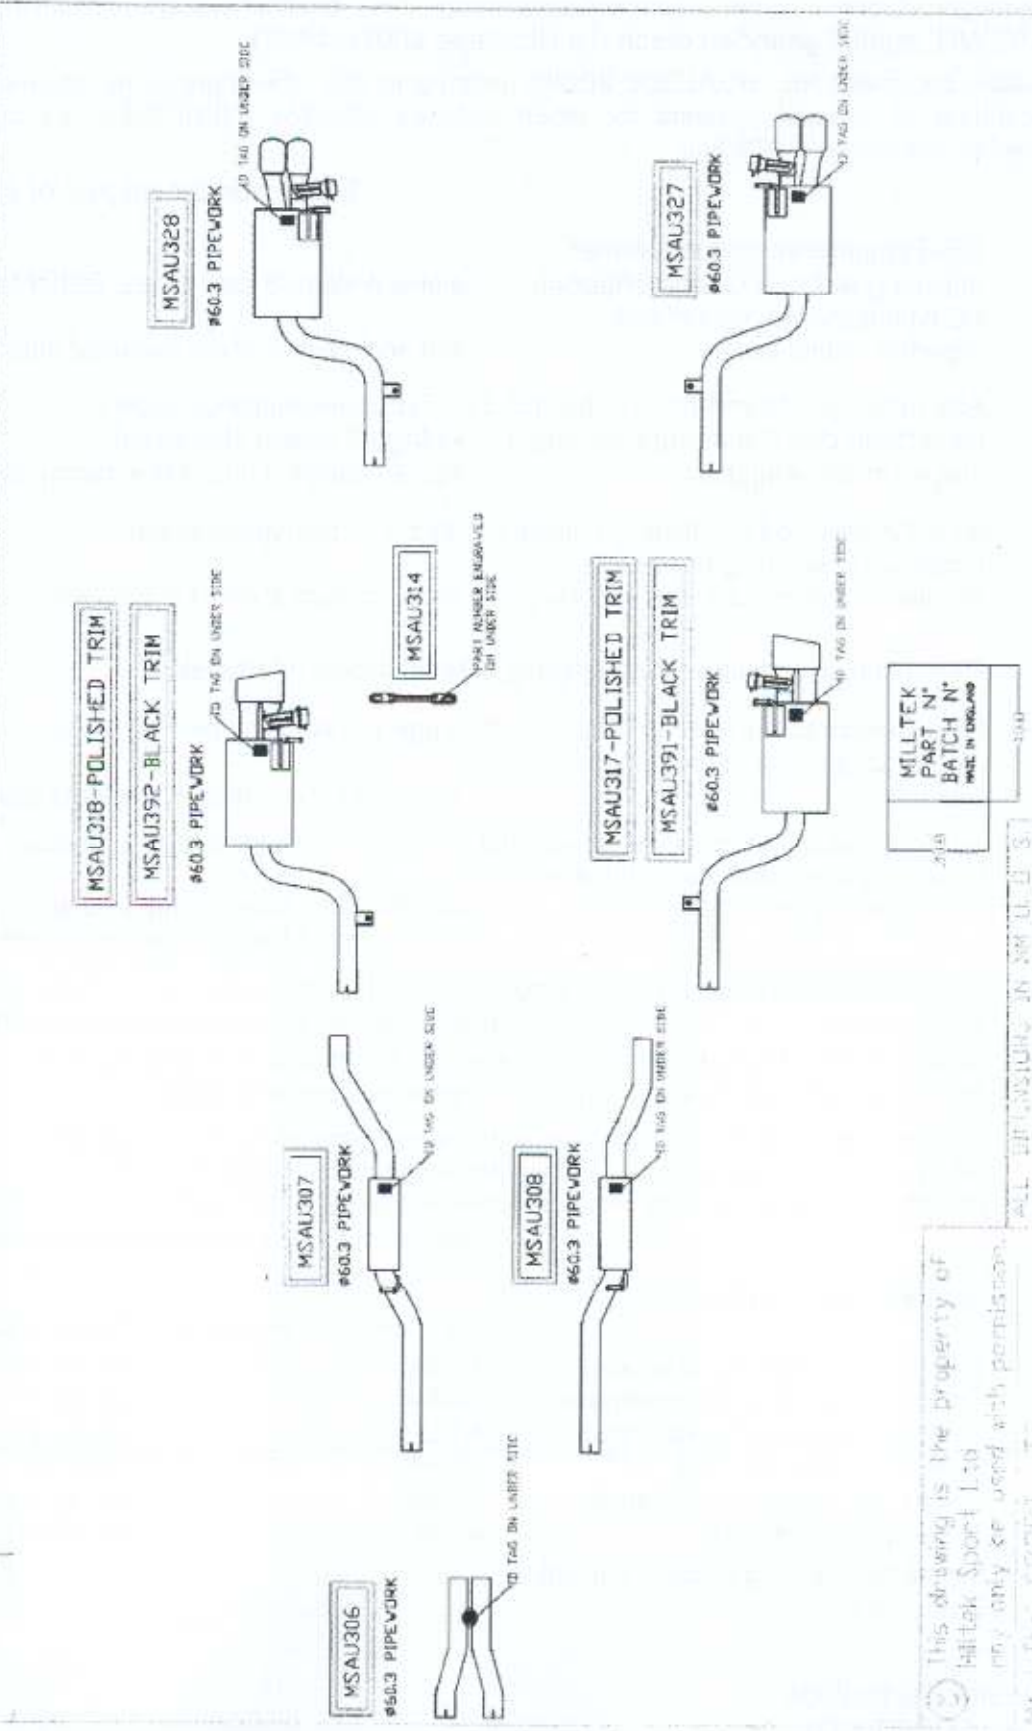

- EC Type Approval number. In addition, they may also carry the following information:
 - a. Manufacturer's factory identification or trade mark and/or
 - b. Type of silencer.

As an alternative to using a plate for the above information, the information may be embossed on the silencer housing.

2. Mounting instructions shall be supplied with each unit, giving details of any limitations in the use of the silencer.
3. The silencer should be mounted in accordance with the mounting instructions.
4. The attached technical report, with any of its attachments, forms part of this Type Approval certificate.
5. Each individual product from series production shall be to the measurements specified in the attached drawings, and shall be manufactured only from the materials specified in the Approval documents.
6. Changes in the product are permitted only with the explicit permission of NSAI. Breaches of this requirement will lead to a withdrawal of the Type Approval, and in addition may be subject to criminal prosecution.
7. This Type Approval will expire when it is surrendered by the holder, or withdrawn by NSAI, or when the approved type of product no longer conforms to legal requirements. The recall of the Type Approval can be issued by NSAI when the conditions required for the issuing or continuation of the Type Approval are no longer current, or when the Approval holder is in breach of the duties attached to the Type Approval, or when it is established that the approved type no longer meets the requirements of traffic safety.
8. NSAI may at any time check the correct performance of the duties imposed by the grant of this Type Approval, and in order to do so, may make tests, or have tests made.
9. Changes in the company name, address or manufacturing site, as well as in any of the sales or other agents specified in the issuing of the approval must immediately be notified to the NSAI.
10. The duties imposed by the issuing of this certificate are not transferable. The legal protection of third parties is not affected by this certificate.
11. When the manufacture or sale of the vehicle, system, component or separate technical unit has not been started within one year of the date of issue of this certificate, then NSAI is to be informed. This requirement also applies when the manufacture or sale has been halted for more than one year, or when it ought to have been halted for more than one year. The initial commencement of manufacture or sale, or the resumption of manufacture or sale, shall then be notified to NSAI within one month of commencement or resumption.

B: Legal Options

Any objection to the requirements set out in this certificate shall be made within one month of the date of issue. The objection shall be made, in writing, to NSAI in Dublin.
